

## TIMETABLE

### DAY ONE

A new addition to previous years, the first day of the conference is set to be a full programme of clinical demonstration! Delegates will be able to attend expert clinical workshops and practical sessions in the following topics:

- Airway management training
- The one lung simulator
- Ultrasound masterclass
- Introduction to BASIC ventilation

### CONFERENCE DINNER

The Conference Dinner will be an opportunity to network with likeminded professionals, starting with a drinks reception followed by a meal at a local restaurant.

### DAY TWO

Hosted by industry experts, this day promises to leave you feeling inspired and energised. We will be welcoming Keynote Speaker Kay Mitchell from Xtreme Everest who will be talking about the amazing work and research that her team do to improve outcomes for people who become ~critically ill, from mountainside to bedside, learning from life at the limits”.
